

14. If a foreign citizen presents the results of the Unified State Exam in the general subjects included into the list of Entrance exams of the corresponding specialties of the Academy, the Academy adopts the results of the Unified State Exams as the results of entrance exams in these general subjects.

15. Foreign citizens, having the right to be admitted for studies at the expense of the corresponding budget funds, as well as those who appear to be the winners of the final stage of the All-Russian Contest of Schoolchildren, are admitted to the state and municipal educational establishments of higher professional education by the specialties, corresponding to the profile of the All-Russian Contest of Schoolchildren without the procedure of passing the entrance exams

The results of winners and those rewarded at the final stage of the All-Russian Contest of Schoolchildren are acknowledged by the state and municipal educational establishments as the highest results of entrance exams (“100” scores) in the corresponding general subjects during the process of admission for the specialties, not corresponding to the Contest profile.

Foreign citizens – winners and rewarded at the Schoolchildren Contests are admitted to the educational establishments according to the procedure, declared by the Order of the Ministry of Science and Education of Russian Federation from 22 October 2007 N 285 (registered by the Ministry of Justice of Russian Federation on 16 November 2007 , Reg. N 10496), edited by the Order of the Ministry of Science and Education of Russian Federation from 4 September 2008 N 255 (registered by the Ministry of Justice of Russian Federation on 1 October 2008, Reg.
